

## Kyani Nitro XTREME

The extended version of Nitro FX

**Why does Kyani add additional ingredients into the XTREME? Better sport results dope-free.**

### NIACIN

Participates in cell respiration, reduces insulin requirement. Supports healthy digestion. Participates in the synthesis of sex hormones. Reduces inflammation, thus helps those who suffer from arthritis.

### MAGNESIUM

Supports protein, nucleic acid, carbohydrate and fat metabolisms. Required for muscle contraction and relaxation. Promotes efficient enzyme production. Reduces the risk of heart attack, since supports heart function and normalizes circulation. Reduces or normalizes cholesterol level.

### COQ10

Beneficial for celebration. Increases the body's energy production, decelerates aging. Supports cardiovascular health. Strengthen the immune system. Preserves healthy palate.

### ZINC

Supports normal hormone and muscle function. Neutralizes harmful metals. Required for intact skin. Supports the health of fetus and sexual organs. Promotes the healthy function of prostate gland. Accelerates wound healing.

### CHROME

Regulates blood sugar level. Supports glucose entrance into muscle cells. Promotes the production of even more nitric oxide! Supports the maintenance of fat-free body weight.

**KyaniNitro XTREME is not qualified as dope, it is fully permitted in sporting.**

### Effects:

- Increases physical performance in case of higher demand (sport, increased stress)
- Invigorates the illness weakened physique

Passes the Doping Test Certification of Eurofins Food & Agro Sweden (Uddingrål) issued on 9 May, 2011.

## 100% money back guarantee

Kyani offers a 30 day money back guarantee for all customers.

\*This assembly is based on the publications of Dr Tom Burke, PhD, professor of medicine and physiology.

\*Our products are lactose and gluten free.

**These products do not substitute various diet and healthy lifestyle.**

With your orders you can win products, luxurious spa treatment and a trip to Alaska. For further details, consult with your distributor.

**Manufactured in:**  
the United States of America

**Distributor:**  
KyaniEurope AB ÖstraHamngatan  
37 411 10 Göteborg Sweden

# Kyani®

EXPERIENCE MORE

## WHY ANTIOXIDANTS ARE REQUIRED?

The modern stressful, over-driven way of life, sleep-deprivation, environment pollution and the consumption of refined, prepared food increase the quantity of free radicals developed in chemical and physical reactions in the body. As a result, cells are damaged, immature cell types (e.g. cancer cells) are proliferated, and the aging of cells is accelerated. Antioxidants protect the cells from these damages, neutralize the immature cell types, decelerate the age-induced deterioration of cognitive and locomotive functions and promote learning ability.

## HEALTH TRIANGLE

UTILIZE THE  
ANCIENT POWER  
OF NATURE!

**"NATURE ALWAYS CREATES PERFECT!"**  
Albert Szent-Györgyi

## KYÄNI SUNRISE®

**Sunrise – Multivitamin  
Antioxidant protective liquid**

**Wild Alaskan blueberry +  
extraction of 10 superfruits =  
improves stamina, provides  
extra energy**

**Wild Alaskan blueberry**  
Antioxidant super power  
with multiply higher  
effect than the ordinary/  
cultivated blueberry.

**Red raspberry**  
Reduces inflammation  
and pain, helps menstrual  
disorders.

**Aloe vera**  
Enhances the immune  
and digestive systems,  
reduces inflammation and  
detoxicates. Promotes  
wound healing.

**Cranberry**  
Decreases urethral  
infections, supports  
cognitive function.

**Grape seed/grape skin**  
Lowers high blood pres-  
sure, improves eyesight,  
reduces inflammation,  
protects against stress.

**Concord grape**  
Stimulates Nitric Oxide  
production, improves  
cardiovascular health.

**Pomegranate**  
Promotes heart health,  
protects prostate, treats  
anemia and chronic  
weariness.

**Noni**  
Supports cellular  
function and circulation,  
improves productivity  
and mood.

**Wolfberry (Goji Berry)**  
Prevents cancer, reduces  
arthritis, helps in case of  
infertility and allergy.

**Bee pollen**  
Relieves eczema and psor-  
iasis, improves stamina  
and cognitive function.

**Kyani Sunrise delays diseases related to the  
negative effects of free radicals and aging.**

- Relieves the symptoms of allergy
- Supports brain health, anti-stroke effect
- Supports weight loss
- Effective against emphysema
- Promotes bone health, relieves rheumatoid arthritis
- Supports immune system, inhibits tumor formation
- Improves night vision, delays the development of cataract
- Supports cardiovascular health
- Supports digestive system, relieves reflux
- Promotes healthy blood-sugar level
- Improves cerebral motor abilities, therefore able to inhibit short-term memory loss due to aging
- Promotes wound healing, reduces inflammations

**Contains the following components:**

Vitamin A, Vitamin E, Vitamin C, Vitamin D, Vitamin B1 and B2, Niacin, Vitamin B5, B6 and B12, Folic Acid, Taurine, Biotin, Inositol, L-Theanine

## KYÄNI SUNSET

**Regeneration and recovery  
at the end of the day**

**Perfect combination of TOCOTRIENOLS  
(the most impactful forms of Vitamin E)  
and OMEGA-3 fatty acids.**

**The body cannot produce these  
materials on its own, so they must be  
obtained through diet and dietary  
supplements on a daily basis.**

### EFFECTS OF OMEGA-3 FATTY ACIDS:

- Support cerebrospinal structure, improves memory and cognitive function.
- DHA in Omega-3s increases LRII production. This protein destroys the protein responsible for the formation of plaques in case of Alzheimer disease.
- Omega 3s can substitute medication as pain killers in case of rheumatoid arthritis.
- Reduces the risk of breast cancer by 32%.
- Omega-3 fatty acids can be effective against cancer of the prostate gland.
- Improves general condition, reduces depression, mood troubles and hyperactivity.
- Essential for healthy eyes, decelerates visual deterioration.
- Vital for fetal brain and eyesight.
- Contributes to healthy labor.
- The risk of sudden cardiac arrest can be reduced by up to 50%.

### TOCOTRIENOLS ARE THE MOST EFFECTIVE FORM OF VITAMIN E:

- Tocotrienol reduces arteriosclerosis.
- Triggers hormone and steroid production, therefore indirectly reduces inflammation.
- Slows down aging and becoming wrinkled, protects against UV and radioactive radiation.
- Beneficial for psoriasis.
- Prevents hair loss, strengthens hair.
- Tocotrienol reduces 'bad' fats.
- Sunset destroys cancer cells.
- Sunset can prevent Alzheimer disease and dementia.
- Inhibits proteins responsible for inflammation, thus directly inhibits inflammation.

Kyani SUNSET omega-3s are derived from the wild and herbivore Alaskan Sockeye Salmon, which according to research is the purest omega-3 form in the world. Pure TOCOTRIENOL is extracted from Annatto bush.

## KYÄNI NITRO FX

**"Pain killer"  
Why nitrates are so important?  
Scientists awarded the Nobel Prize stated:  
„the molecule of life"**

**In 1998, three scientists were awarded  
the Nobel Prize for the explanation  
of nitric oxide's influence on blood  
circulation and maintaining blood pressure.**

**NitroFX**, developed relying upon Nobel prized researches on the significance of nitric oxide, contains highly effective extraction of noni plant parts, which promotes nitric oxide, monoxide production in the body.

Continual nitric oxide production is vital for muscle and cardiovascular function.

### EFFECTS OF NITRIC OXIDE:

- Expands coronary and other arteries, improves circulation, and therefore promotes the oxygen and nutrient supply of the tissues.
- Decreases blood pressure.
- Relaxes smooth muscle cells in vessels.
- Stimulates the growth of new vessels, and therefore wound healing.
- Prevents the blood platelets from sticking together and the formation of blood clots.
- Reverses arteriosclerosis.
- Reduces triglyceride level.
- Participates in the alleviation of asthma, early Alzheimer disease and possibly ADHA (hyperactivity).
- Nitric oxide directly dulls pain due to improved oxygen supply of the nerves.
- Destroys intruders: bacteria, fungi, parasites when formed in leucocytes.
- Reduces the risk of transplanted organ rejection.
- The ceasing of inflammation caused oedema dulls ischaemic (the heart's blood supply disorder) pain.
- Contributes to the regulation of fraction healing, stimulates osteoblast function and mineralization.
- Hinders bone resorption (osteoclasts).
- Promotes healthy teeth and palate.
- Useable for wounds, ulcers, burns, sore spots and der matological illnesses, since it is also absorbed through skin.
- Natural Viagra: promotes erection, improves sexual function in both gender.
